

# NEWS RELEASE

**FEBRUARY 23, 2020**

The BOARD would like to welcome **Lisa Setiawati** as the new site manager at Kapulanikai. Lisa brings considerable experience to the post as is indicated in her BIO (below) and we look forward to her carrying on the exceptional work that was carried out by **Rosalie and Chris** over the past years!

## BIO

Born and raised in Indonesia, I spent my college years in Sydney, Australia earning my degree in Business, Hospitality, and Tourism. Because of my love of travel, I completed a 6 month internship at a private resort at Great Barrier Reef, and an 18 month internship at the largest hotel in Nashville, Tennessee. Over the next 18 years, I gained management experience in the hospitality industry at the Front Desk, Reservations, and in Revenue Management.

My first visit to Maui in 2003 was such a magical experience. The 7 day vacation was one of my best experiences and I could not wait to return the following year. In 2005, I decided to pack my bags, car, and a few belongings to move to Maui.

I was shocked with the price of everything in Maui, including housing. I purchased my first home, a 2 bedroom condo in Kihei. Using all of savings, I had a very small down payment. Determined to stay in this paradise, I made it work. I started working as property manager for several owners in Wailea and provided luxury concierge service for vacation rentals. In 2008, I bought my dream home in Central Maui and continue to thrive. I am proud to be Mauian.

I acquired my real estate license and joined Royal Realty and Utopian Luxury Vacation Rental. We provide listings and buying services, as well as management for long term and short term vacation rentals.
